

## GREEN GOLFING

*with Rena Merchant*

**I AM PASSIONATE ABOUT** this golf course as it is unique — 100 per cent certified organic. It takes its name from the local Indigenous people. Basically, we do everything the way it was done traditionally. No toxic chemicals or fertilisers are used; the ground staff hand-weed the greens. We only use natural sprays such as daisy extracts and worm-based fertilisers.

*Rena Merchant is co-founder of the Kabi Golf Course outside Noosa, which won the 2004 Sunshine Coast Environment Council's Sustainable Eco-Tourism award.*
